FINE ARTS CLUB

Objective:

Fine Arts Club is a group where students can develop their artistic skills and creativities, and participate in activities that promote art and culture.

Activity Plan:

- **Art activities:** Students can be active to participate in a variety of activities, such as painting, drawing, collage, ceramics, architecture, and more.

- **Competitions:** Students can participate in competitions to challenge themselves and showcase their abilities. Above all, their competitive motivations can be grown up.
- **Workshops:** Students can participate in workshops to learn new techniques and mediums ; and create a new artistic empire using their abilities.
- **Exhibitions:** Students can participate in exhibitions to showcase their work. Outer people can buy their creations and thus their motivation of creating new things can grow.

Expected Outcome:

- **Fine Motor Skills:** Art and craft clubs can help students develop their fine motor skills, hand-eye coordination, and emotional well-being.
- **Creativity:** The club should have a significant role to successfully explore a student's creative mentality.
- **Aesthetic values:** Students can develop their aesthetic values and understand their role in creativity and cultural industries.
- **Self-confidence:** Students can increase their self-confidence through the club's activities ; that would help them build a path of their artistic world.
- **Imagination:** Students can explore their imagination and unleash their creativity.
