7.3 - Institutional Distinctiveness (2021-22)

7.3.1- Portray the performance of the Institution in one area distinctive to its priority and thrust

During the pandemic, immediately after the announcement of the nationwide lockdown, our institution shifted to the online mode of education almost overnight. The various digital meeting interfaces were platforms of choice but lack of a proper internet connectivity on the part of the students was a serious challenge for the institution. All other modes of communication that could be exploited for teaching-learning faced similar challenges. In this situation the LMS system on the college website provided a way out of the predicament. On the college website each department has its own 'Academic Resource' section where the teachers upload relevant study materials so that the students can access these resources at their own convenience. This offered the maximum affordable flexibility to the students with regard to the teaching learning process.
